

The Christmas Elves

M&L: Toby Frey

1. Whoosh! The elves pop out of nowhere, sneaking into our home,
keen on helping where they can, working hard all on their own.
Whoosh! The elves pop out of nowhere, tell me have you ever seen?
Watching them is not allowed, don't disturb the secret scene!
Hey, you nosy, naughty kid you hid and took a peek!
Woosh! The busy elves popped off, we don't know where to seek!
